**Change of Entity Status under 37 CFR 1.28(c)**

Sir,

The present letter is to change the status entity under 37 CFR 1.28(c) of the application identified above. The Applicant respectfully requests the change of status from small entity to **large entity**. All future fees will be paid accordingly.

The change of status is attributed to the change of ownership of the above-mentioned application, as the new assignee does not qualify for the small entity status. The Applicant therefore contends that a deficiency payment under 37 CFR 1.28(c)(2), is not applicable since the fees already paid were appropriately so at the time.

The present is being filed to support the future payment of the fees at the large entity rate, since, in accordance with 37 CFR 1.27(g)(2), "Payment of a fee in other than the small

entity amount is not sufficient notification that the small entity status is no longer appropriate".

At the time of filing of the present response, no fees were believed to be necessary. In case any fee should be necessary, the Office is hereby authorized to debit Deposit Account number 502977.

Respectfully submitted,

/Jonathan D. Cutler/
